We designed this Zoom workshop for AA members who are exploring sponsorship, whether as sponsors or as sponsees.

Topics of interest to a new sponsee include why working with a sponsor is critical to our recovery, the historical roots of sponsorship, how to select a sponsor, how to develop a working relationship with your sponsor, and frequently asked questions.

Topics of interest to a new sponsor include how being a sponsor helps our own recovery, how to set expectations and boundaries, how to guide someone through the steps, challenges that you may encounter, common mistakes to avoid, and available resources.

Sponsorship Statement: Most people are unable to recover from alcoholism through their own efforts. Asking for guidance from a sponsor is calling our higher power into action. Sponsoring another member allows us to show how our experience can benefit others.
